Snowboarding

Example

Snowboarding is a winter sport. You can only go snowboarding outside **when** there is snow on the ground. It's

1 different from skiing because both of feet are on the same board.

2 The first idea for snowboarding came from two sports: surfing skiing.

3 An engineer made the first snowboard. His daughter skiing but she wasn't good
4 it. He had an idea. He put her two skis
5 together so moved like one board. He called
6 first snowboard a 'snurfer!' His daughter enjoyed skiing on her 'snurfer' a lot!

7 Skateboarding is also like snowboarding. you ever tried skateboarding or
8 snowboarding? I have tried them but next year I'm going to the mountains with my family. I'm
9 to try skiing and snowboarding! I think they
10 are the exciting sports in the world.
